

“All About Me” speech worksheet *

Speeches are typically presented in the lectern area.

For this speech, the main goal is to let the audience know more about you, and also to use lots of eye contact. Let the audience know about where you were born, where you have lived, your family and pets, your hobbies, likes and dislikes, and what you might want to be when you grow up!

In each of the topic sections on your worksheet, write down a few words that will help you remember what you want to talk about. Speaking only from these notes will let you connect better with your audience and let you sound more natural in your speaking.

Where were you born, and are there any stories related to your birth?

Have you lived anywhere besides this area? If yes, where? Any stories about living in these other places?

Tell us about your family. What are some funny things you have done together, or fun things you like to do together?

What pets does your family have? Any funny or sad stories about them?

What are your hobbies/interests? Any special skills?

What are some things that you like? Why?

What are some things that you dislike? Why?

What would you like to be when you grow up?

Closing comment(s).

* The “Rule of 3”: Complete your speech worksheets at least 3 days before your speech, and practice your presentation out loud, with a timer, until you can meet your time goal 3 times in a row (and you like how your speech is sounding).
