"How To . . ." speech worksheet

Teach the group how to do or create something, step-by-step, that can be started and finished in five minutes or less. For example, how to tie different knots, draw anime, fold a unique origami or napkin shape, make your favorite sandwich, or start the lacing of a friendship bracelet. Encourage members to do the activity with you. You must use visual aids and meet the time goal to pass!

This speech must meet the time goal and have at least one meaningful visual aid. Don't forget to use your **gestures** and **vocal variety** in this speech, (and every speech in the future).

1) If appropriate, before you begin, encourage members to gather materials to participate.

2) Tell the group what you are going to teach them about, and show a finished example.

3) What materials are needed?
